

Reduce our Impact on the Environment

We work to mitigate and compensate for the impact of our operations on the environment. We also contribute to increasing environmental awareness among our stakeholders with the promotion of the sensible use of plastic bags, energy efficiency programs, and waste, recycling and postconsumer waste management.

Promote a Healthy Life

We recognize the importance of diet, nutrition and health in our customers and employees. That is why we offer a portfolio of products and services that allow them to create and maintain healthy habits for life.

Grupo Éxito Nutrition Policy

1. **Gen Cero:** Strategy managed by the Fundación Éxito. Its main objective is to ensure that no child under 5 years of age suffers from chronic malnutrition in Colombia by year 2030.
2. **Healthy Workplace:** We promote the integral health of our employees through health and disease prevention programs.
3. **Sustainability of the Food Chain:** We support the development of small producers and SMEs as suppliers of our private labels. We exchange and make available the necessary information for co-innovation and the development of new products with nutritional and health benefits.
4. **Nutritious, Healthy and Accessible Foods:** We provide alternatives of healthy and nutritious products, which respond to nutritional and health needs. We facilitate access through our private labels, our low price products and those meeting our customers' needs.
5. **Customer Food and Nutrition Education:** We teach about food and nutrition to help our customers make healthier food choices.
